Anti-Skid Base Essential Collection

Our stainless steel dog bowls, with a rubber ring, ensures anti-skid functionality, providing stability during your pet's meal-times. These bowls are available with various options, including your preferred customization, embossing, adding a slot or a combination of both, allowing you to personalize them to your liking.

Crafted for durability, our stainless steel bowls are built to withstand daily use and are resistant to rust and corrosion. The sleek and aesthetic design adds a touch of sophistication while offering practical features for your pet's feeding needs.

Magic Suction Bowl and Inclined Suction Bowls are the latest innovations by Kumar Steels Inc., Patented in India, U.S.A. and European Union. It works like magic! Press the bowl to the floor, the vacuum suction does not allow the bowl to move, dogs/cats can eat in peace without any irritating noise and without fear of the bowl tipping. Inclined suction bowl is ideal for long-eared dogs, its ergonomic design prevents their ears from entering food.

Inclined Suction Bowl has a fixed, bonded Silicone base, it is ergonomic, inclined to the front making it easier for the pet to eat. Removing from the floor is easy, just pull the knob to release the suction. Pure Silicone material is used, it can be used in any weather condition, It comes in beautiful colours, is Dishwasher safe and Long Lasting, Making eating food a pleasure.

Heavy-Duty

Feeding Bowls

Experience the durability and functionality of our heavy-duty stainless steel pet bowls in our twin diner collection. Crafted to withstand daily use and resist scratches, these bowls are built to last. The twin diner design features two bowls in one stand, providing convenience for feeding multiple pets or serving food and water simultaneously.

The sturdy stand keeps the bowls elevated, reducing strain on your pet's neck and promoting better posture during meals. Available in a variety of colours and sizes.
